

On-screen Editing Courses (OSE) Pre-course Questionnaire

All delegates must know how to use a PC (or Mac) and mouse and have a working knowledge of word processing software and terminology. Six months' on-screen editing experience is required between attending On-screen editing 1 and On-screen editing 2. If you are in doubt about whether On-screen editing 2 is suitable for you, please check the FAQs at <http://www.sfep.org.uk/pdocs/OSefaq.pdf> and the list of prerequisite skills at <http://www.sfep.org.uk/pub/train/prerequisites.asp>.

This questionnaire will help the tutor tailor the course to your needs. It can be used for OSE1 or OSE2.

When you have booked to attend a course, send your completed questionnaire by post, fax or email to:
